Summary of reasons for decision:

The image file printout is deemed objectionable because it promotes and supports the exploitation of children for sexual purposes.

The printout consists of a photograph of a prepubescent girl wearing a top and scanty briefs. She poses in a manner that blatantly displays her barely-covered crotch. The girl is presented as sexually aware and available for sexual activity. The image encourages a sexual interest in children and perpetuates the idea that they are available for adult sexual gratification.

The classification of this publication interferes with the right to freedom of expression set out in the New Zealand Bill of Rights Act 1990. However, this is an outcome that is consistent with Parliament's intention and is a reasonable limitation on the freedom of expression. The classification reflects the concern of a free and democratic society to protect its young and vulnerable members from sexual exploitation.
